

# Reiki for Animal Lovers First Degree

Learn to help yourself and your animals heal

*Pam and Erika*

**Reiki** (pronounced ray-key) is a gentle healing practice that promotes physical, mental, emotional, and spiritual balance. It can be used to reduce pain and encourage healing in all kinds of situations, including illness and injury, pre- and post-surgery, and emotional distress. Animals are extremely responsive to this type of healing.

**In the First Degree class**, you will be initiated into Reiki practice. You will learn the history and ethics of Reiki practice, self-healing, and how to share your Reiki hands with others—both four-legged and two-legged. (We will work with humans, dogs, and horses.) The class will be taught by Pam Sourelis, Reiki Master/Teacher and Animal Communicator.

*Fuersti, Pam, and Tara*
