

## VMRT - Successful Graduates

### List of professionals that have successfully completed the Veterinary Massage and Rehabilitation Therapy (CVMRT)

Proudly Updated: June 26<sup>th</sup> , 2019

**\*\* This list contains the licensed professionals that have successfully completed ALL requirements for certification. These requirements include (but not limited to):**

- **Being a licensed professional in good standing with their respective licensing boards.**
- **Attended in sequence the entire Post Graduate State Approved Certification Program (142hrs of intensive training under the supervision of the attending school faculty).**
- **Attained the passing grade on EACH individual testing section (knowledge, small animal techniques, large animal techniques, case presentations, neuro-muscular-osseous anatomy and integration evaluation through oral examination).**

**\*\*\* Those that have successfully completed the program can legally use the credentials of **CVMRT** (Certified in Veterinary Massage and Rehabilitation Therapy) after their primary professional degree. Each Alumni must provide the school with a copy of their valid (unexpired) professional license attesting that they are in good standing and to have complied with their respective state/provincial regulatory Continuing Education requirements.**

**\*\*\* We have also listed any recognized advanced degree, credentials or diplomate status after their names. These latter credentials will be listed after their names in parenthesis.**

**\*\*\*\* Please remember the importance of informed consent when evaluating and treating a patient.**

**\*\*\*\*List users should call the respective alumni and ask if they need any consultation / referral information as some states might require specific paperwork/forms if the patient is being seen any other licensed health care provider other than a veterinarian.**
